

[Nanonex Expands Manufacturing to Meet Market Demands](#)

February 14, 2005

Princeton, New Jersey, February 14, 2005. Nanonex Corporation, the leading provider of nanoimprint tools, materials, and process solutions, strengthens its manufacturing capabilities by adding new employees. The expansion is needed to meet the growing demand for Nanonex products.

Nanonex has shipped a broad range of nanoimprint tools, resists, masks, and processes, and has served over 30 customers in North America, Europe, and Asia.
